Dear Valued Customer,

2008 marks the twenty forth year that the Brian's name has been involved in the hockey industry and we plan on making the best of it.

In an industry that shows so much change, whether it be the changing of products, the changing of playing styles or changes within the game itself Brian's continues to be an influential fixture among leaders.

Keeping modern seems key in the success of any manufacturer and this year will be no exception. With the development and evolution of our new and current product lines, Brian's is prepared for another strong year in 2008.

Brian's is also continuing our commitment to customization and trying to give our customer exactly what he or she wants. From custom colours, sizing and graphics, Brian's continues to set the industry bar.

Innovation: the process of making improvements by introducing something new; the successful exploitation of new ideas; change that creates a new dimension of performance. Innovation: a term used to describe Brian's 2007

Looking forward to defining 2008.

Dx2 PRO

GOAL PADS

The new Dx2 Pro goal pad features design modifications geared to maximize net coverage while maintaining the mobility needed to take your game to new heights. Constructed to fully comply with all new league regulations the Dx2 Pro offers the modern goaltender a lightweight, game ready product with superior on ice coverage.

- 11" pro standard width
- squared thigh with multi layered high density foam provide maximum five hole coverage
- widened leg channel to aid in pad rotation
- thinned out, pre-curved profile for a game ready contour
- shallow boot channel with complete synthetic coverage for easy pad rotation
- adjustable velcro calf stabilizing straps
- beefed and angled outer vertical roll prevents skip-over
- laced-in knee and calf lifts provide a custom fit
- offset toe string option
- a shortened boot eliminated toe drag
- pro legal laced thigh guard standard
- custom sizing and colours available
- custom graphics available

Made in / Fabriqué au
Canada

These and many other colour combinations available

GOAL PADS

The Thief goal pad is designed within the new pro specifications, using the finest materials producing an ultra-lightweight pad with many performance enhancing features.

- 11" pro standard width with lightweight pro stuffing
- unique angled knee system directs puck downward while in the butterfly for better rebound control
- tapered inner toe for more aggressive push off point
- shallow boot channel with complete synthetic coverage for easy pad rotation
- knee and thigh flex zones for increased flexibility
- large squared outer vertical roll prevents skip-over
- laced-in knee and calf lifts provide a custom fit
- larger inner knee cradle provides more stability in the butterfly position
- all leather strapping
- custom sizing and colours available
- custom graphics available

Made in / Fabriqué au
Canada

These and many other colour combinations available

GOAL PADS

The Beast features a pre-curved design to offer a game-ready goal pad, while maintaining the comfort and durability Beast users have come to expect.

- pro spec
- pre-curved Beast design offers a game ready product with effortless five-hole coverage
- laced in/adjustable knee lifts and calf pillow provide a more custom fit
- squared vertical rolls to prevent skip-over
- thinner overall profile provides a lighter, more responsive product
- thin and rigid thigh produces an impenetrable wall protecting the five-hole
- squared thigh to maximize blocking surface
- larger inner knee cradle provides more stability in the butterfly position
- custom sizing and colours available
- custom graphics available

Made in / Fabriqué au
Canada

These and many other colour combinations available

GOAL PADS

The Dx3 senior goal pad features a flat face design geared to produce more predictable rebounds. Built from our original Dx2 goal pad, the Dx3 offers pro level performance in a senior level goal pad.

- internal flex points at boot, knee and thigh
- ultra-light design minimizes reaction time, providing a more responsive pad
- angled vertical rolls to prevent skip-over
- flat face design provides better rebound predictability and control
- large, flat inner landing area provides stability in the butterfly position
- squared toe and thigh provides maximum on-ice coverage
- shallow boot channel allows pad to easily rotate in the butterfly position
- available in 11" and 12" widths
- available in 32", 34", 36" sizes
- custom colour combinations available

The new Dx5 entry level goal pad is constructed to provide pro pad features in a senior level product. Built to the new pro regulations, the Dx5 is extremely light weight and well balanced, promoting better control and stability.

- internal flex points at boot, knee and thigh
- ultra-light design minimizes reaction time, providing a more responsive pad
- angled vertical rolls to prevent skip-over
- flat face design provides better rebound predictability and control
- large, flat inner landing area provides stability in the butterfly position
- squared toe and thigh provides maximum on-ice coverage
- shallow boot channel allows pad to easily rotate in the butterfly position
- pro spec 11" width
- available in 32", 34", 36" sizes
- custom colour combinations available

GOAL PADS

INT. **Dx2 PRO**

The new Int. Dx2 Pro is the intermediate version of our senior pro model. It is designed to meet the needs of today's young adult butterfly goaltender by offering the utmost protection and flexibility, while maximizing net coverage.

- squared thigh for five hole coverage
- ultra-light design minimizes reaction time, providing a more responsive pad
- beefed up, angled vertical rolls to prevent skip-over
- flat face design provides better rebound predictability and control
- shortened boot to eliminate toe drag
- large, flat inner landing area provides stability in the butterfly position
- shallow boot channel allows pad to easily rotate in the butterfly position
- available in 30", 31", 32, 33" sizes
- custom colours and graphics available

Made in / Fabriqué au
Canada

Jr. **THIEF**

New for 2008 the Jr. Thief goal pad is a scaled down version of our senior pro model with many pro features in a junior sized pad. The lightweight design provides the comfort and control needed by the younger goaltender.

- game ready contour
- flat face design for better rebound control
- laced in/adjustable knee lifts for a custom fit
- squared vertical rolls to prevent skip-over
- squared thigh to maximize blocking surface
- leather shin, knee and boot straps
- break in outer vertical roll provides increase flexibility
- jr. pro laced thigh guard standard
- available in 26", 28", 30" sizes
- custom colours and graphics available

Made in / Fabriqué au
Canada

GOAL PADS

Made in / Fabriqué au
Canada

The Jr. Beast goal pad is a scaled down version of our senior model with many pro features in a junior sized pad. The lightweight design provides the comfort and control needed by the younger goaltender.

- laced in/adjustable knee lifts and calf pillow provide a more custom fit
- squared vertical rolls to prevent skip-over
- squared thigh to maximize blocking surface
- leather shin and boot straps
- full knee cradle with elastic velcro adjustment
- available in 27", 29", 31", 32" sizes
- custom colours and graphics available

white/silver/black

The Dx4 goal pad is a scaled down version of our Dx2. The Dx4 features a flat face design and many pro level features in a junior sized pad

- laced in/adjustable knee flares
- flat face design provides better rebound predictability and control
- angled vertical rolls to prevent skip-over
- large, flat inner landing area provides stability in the butterfly position
- wedge wing, wing wrap and shin pillow for added protection
- leather shin and boot straps
- full knee cradle with elastic velcro adjustment
- available in 27", 29", 31" sizes
- custom colour combinations available

The Dx6 goal pad features a flat face design and many pro level features. Extremely lightweight, the Dx6 provides the flexibility and control needed by the developing goaltender.

- laced in/adjustable knee flares
- flat face design provides better rebound predictability and control
- angled vertical rolls to prevent skip-over
- large, flat inner landing area provides stability in the butterfly position
- wedge wing, wing wrap and shin pillow for added protection
- leather shin and boot straps
- full knee cradle with elastic velcro adjustment
- available in 27", 29", 31" sizes
- custom colour combinations available

CATCH GLOVES

Dx2 PRO

Made in / Fabriqué au
Canada

The all new Dx2 Pro catch glove has been completely redesigned to maximize the catching area allowed within the new pro regulations. The catching surface has been reduced in order to increase the pocket size, resulting in less 'blocked' pucks and more directed into the pocket.

- maximum perimeter, cuff and t-web depth
- wider, reinforced T maximizes pocket opening
- molded finger ridge protects fingers in the event of premature closure
- T angle is set to maximize on-ice coverage
- floating interior palm eliminates lace contact and improves comfort
- T lace is intertwined to promote all lace impacts, reducing puck velocity and spin
- thinner finger ridge provides larger catching surface and fewer pop-outs
- four piece backhand construction with velcro assembly allows glove to open fully for quicker drying
- one piece internal palm with Gel Tec® foam eliminates gaps in protection and prevents stingers
- custom colours and graphics available

These and many other colour combinations available

THIEF

Made in / Fabriqué au
Canada

The Thief catch glove is back, redesigned within the new pro specifications. Only the finest materials are used to offer the ultimate game ready glove with unmatched control and comfort.

- new pro legal sizing
- original Thief double T to maximize pocket volume
- three tier cuff for greater wrist mobility and stick control
- high density foam finger pad for added finger tip protection
- three-point hand and wrist adjustment for a custom fit
- 'pro beef' protection with Gel-Tec® foam to reduce stingers
- molded thumb rail broadens thumb surface and promotes deflection into pocket
- outer velcro strapping allows for complete opening for easy drying
- air-knit fingers for comfort and ventilation
- custom colours available

These and many other colour combinations available

CATCH GLOVES

The Beast glove has been rebuilt to improve control and maximize coverage, while maintaining the utmost protection.

- pro spec
- Gel-Tec® foam pad in forefinger area
- reinforced single T allows for increased pocket depth
- modified back padding to assist break in and promote effortless closure
- Bs2100 interior palm with spring mesh fingers provide more comfort and improves drying time
- angled thumb for better deflection control and reduced pop-outs
- squared cuff for maximum blocking surface
- flared thumb and cuff to reduce skip-overs
- velcro cuff attachments to fully open glove for easy drying
- Neoprene internal hand with dual adjustment hand straps
- custom colours and graphics available

The Dx3 catch glove is an economical solution to our pro level Dx2 glove, with many similar features. It is designed to enhance performance by providing increased control and comfort. It is fully adjustable and made of lightweight materials, providing a game-ready senior level glove.

- reinforced T allows for deeper pocket
- T angle is set to maximize on-ice coverage
- Bs2100 interior palm with spring mesh fingers provide more comfort and allow for more air flow, keeping the hand cooler and improving drying time
- T lace is intertwined to promote all lace impacts, reducing puck velocity and spin
- thinner finger ridge provides larger catching surface and fewer pop-outs
- flared cuff
- modified armadillo backing assists break-in
- full closure from top of T to heel of glove
- available in white/silver/black and black/silver/white colour combinations

CATCH GLOVES

Dx5

The Dx5 catch glove is a senior entry level glove with many features of a pro model. The lightweight design provides quick break-in and control.

- pro spec
- dual adjustment hand straps
- velcro cuff attachments allow glove to fully open for easy drying
- flared cuff and thumb to reduce skip-over
- angled thumb for better deflection control and reduced pop-outs
- reinforced single T allows for increased pocket size
- custom colours available

INT. **Dx2 PRO**

The all new Int.Dx2 Pro catch glove is the intermediate sized version of our senior pro model. The catching surface has been reduced in order to increase the pocket size, resulting in more pocket and less palm.

- maximum perimeter, cuff and t-web depth
- wider, reinforced T maximizes pocket opening
- Gel foam internal palm pad
- T angle is set to maximize on-ice coverage
- T lace is intertwined to promote all lace impacts, reducing puck velocity and spin
- thinner finger ridge provides larger catching surface and fewer pop-outs
- four piece backhand construction with velcro assembly allows glove to open fully for quicker drying
- full closure from top of T to heel of glove
- custom colours and graphics available

Made in / Fabriqué au
Canada

CATCH GLOVES

New for 2008, the Jr. Thief catch glove is extremely lightweight to provide the movement and control needed by the young goaltender.

- Thief double T web for increase pocket volume
- adjustable hand and wrist straps
- molded thumb and palm protection
- three-piece backing to assist in break in and easy closure
- velcro cuff attachments to open glove for easy drying
- available in custom colour combinations

Made in / Fabriqué au
Canada

The Jr. Beast catch glove is a scaled down version of our senior model. The lightweight design provides the quick break-in and control needed by the younger goaltender.

- Neoprene internal hand with dual adjustment hand straps
- velcro cuff attachments allow glove to fully open for easy drying
- flared cuff and thumb to reduce skip-over
- angled thumb for better deflection control and reduced pop-outs
- reinforced single T allows for increased pocket size
- custom colours and graphics available

Made in / Fabriqué au
Canada

CATCH GLOVES

Jr. **Dx4**

The Dx4 is designed for the smaller hand of a junior goaltender, while maintaining a larger catch surface and ultra deep pocket. The lightweight design provides a game ready fit.

- flared cuff to reduce skip over
- adjustable hand and wrist straps
- molded thumb and palm protection
- three-piece backing to assist in break in and easy closure
- velcro cuff attachments to fully open glove for easy drying
- available in custom colour combinations

Jr. **Dx6**

New for 2008 the Dx6 junior entry level catch glove provides the protection level needed by the junior goaltender. Light weight and well balanced the Dx6 features a three piece backing to aid in easy closure.

- flared cuff to reduce skip over
- adjustable hand and wrist straps
- molded thumb and palm protection
- three-piece backing to assist in break in and easy closure
- velcro cuff attachments to fully open glove for easy drying
- available in custom colour combinations

BLOCKERS

Dx2 PRO

Made in / Fabriqué au
Canada

The new Dx2 Pro blocker is super lightweight and well balanced, providing more control and quicker movement. Improved high density wrap around finger protection and side wall offer increased protection without affecting the weight distribution.

- modified contoured blocker board adds to wrist mobility and comfort
- widened cuff opening for less arm and body conflict
- inner palm cushion disperses impact and provides more comfortable feel
- molded inner wrist plate deflectors to slow puck in underarm areas
- new snug fit palm with spring mesh thumb, fingers and gussets to provide a cooler more custom fit, allowing for better stick grip
- flared top to eliminate skip over
- beveled board on all sides to reduce weight and to aid in paddle down play
- full high density finger protection
- fully adjustable wrist strap
- custom colours and graphics available

These and many other colour combinations available

THIEF

Made in / Fabriqué au
Canada

The Thief blocker is designed within the new pro specifications with only the finest materials, producing an ultra-lightweight blocker with optimum balance and control.

- pro legal sizing
- binding-less face to maximize blocking surface
- contoured blocking board, beveled for weight reduction and on-ice coverage
- angled face deflectors to prevent skip over
- large inner wrist and forefinger pad with molded high density rail for underarm closure
- high density finger protection
- three tier cuff for greater mobility and stick control
- custom colours available

These and many other colour combinations available

BLOCKERS

The Beast blocker remains one of the lightest pro level blockers ever produced. Improved weight distribution only adds to the Beast's already unparalleled comfort.

- pro spec
- large inner forefinger and wrist protection
- lower palm position improves weight distribution, creating a better balance and feel
- improved high density finger protection
- new palm with spring mesh thumb, fingers and gussets to improve air flow and provide a lighter palm with less water retention
- fully adjustable wrist strap
- custom colours and graphics available

Made in / Fabriqué au
Canada

The Dx3 blocker is a lightweight, senior alternative to our pro level Dx2. It is well balanced, providing more control and quicker movement. It also features high density side hand protection for added net coverage and protection.

- pro spec
- contoured blocker board adds to wrist mobility and comfort
- widened cuff opening for less arm and body conflict
- inner palm cushion to disperse impact
- flared top to eliminate skip over
- beveled board on all sides to reduce weight and to aid paddle down play
- high density finger protection
- fully adjustable wrist strap
- available in white/silver/black and black/silver/white colour combinations

BLOCKERS

The DX5 senior entry level blocker features a lightweight design geared to provide improved balance and quick response. A tapered bottom edge allows for an easy transition to paddle down play.

- pro spec
- large, high density inner forefinger and wrist protection
- wide cuff opening for better mobility
- lower palm position improves weight distribution
- inner palm cushion to disperse impacts
- flared top reduces skip over
- improved high density finger protection
- fully adjustable wrist strap
- custom colours available

The new Int. Dx2 blocker is the intermediate sized version of our senior pro model. It is super lightweight and well balanced, providing the control and quick movements needed by the high caliber young adult goaltender.

- high density side hand protection for increased coverage
- modified contoured blocker board adds to wrist mobility and comfort
- widened cuff opening for less arm and body conflict
- flared blocker board reduces skip over
- inner palm cushion disperses impacts
- beveled board on all sides for weight reduction and improved paddle down play
- high density finger protection
- fully adjustable cushioned wrist strap
- custom colours and graphics available

Made in / Fabriqué au
Canada

BLOCKERS

New for 2008, the Jr. Thief is a scaled down version of our pro level senior Thief. Ultra lightweight and well balanced, the Jr. Thief is designed to aid in the development of the younger goaltender.

- high density side hand protection for increased coverage
- widened cuff opening for less arm and body conflict
- inner palm cushion disperses impacts
- beveled board on all sides for weight reduction and improved paddle down play
- finger palm grip material for better stick control
- high density finger protection
- fully adjustable wrist strap
- molded thumb protection
- custom colours and graphics available

Made in / Fabriqué au
Canada

The Jr. Beast blocker is a scaled down version of our senior model. The lightweight design provides better balance and control. A wide cuff opening promotes easier movements and reduces arm and body conflict.

- large, high density inner forefinger and wrist protection
- lower palm position improves weight distribution
- inner palm cushion to disperse impacts
- improved high density finger protection
- wide cuff opening produces full range of motion
- fully adjustable wrist strap
- custom colours and graphics available

Made in / Fabriqué au
Canada

BLOCKERS

Jr. **Px4**

The Dx4 blocker features a lightweight design geared to provide superior balance and control for the junior goaltender. A tapered bottom edge allows for an easy transition to paddle down play.

- molded thumb protection
- adjustable wrist straps
- wide cuff opening for greater mobility
- high density finger and side hand protection
- beveled bottom board for paddle down play
- palm grip material for better stick control
- beveled bottom edge for paddle down play
- available in custom colour combinations

Jr. **Px6**

The Dx6 junior entry level blocker is designed for the smaller hand of a junior goaltender. It's lightweight construction provides easy movements for the developing goaltender.

- ultra lightweight design
- large, high density inner forefinger and wrist protection
- wide cuff opening for better mobility
- lower palm position improves weight distribution
- inner palm cushion to disperse impacts
- improved high density finger protection
- high density finger tip protection
- fully adjustable wrist strap
- custom colours available

BODY ARMOR

Dx2 PRO

Made in / Fabriqué au
Canada

★ NO PLASTIC COMPONENTS ★

New for 2008, the Dx2 Pro body armor has been developed to provide maximum coverage and protection at a fraction of the weight. Heavyweight plastic components have been replaced with rigid, ultra lightweight high density foam to increase flexibility and range of movement.

- anatomically designed for increased range of motion
- oversized, high density shoulder floaters
- fully adjustable arm, wrist and shoulder straps for a custom fit and increased comfort
- high density sternum plate disperses center chest impacts
- side lat protection
- dual shoulder cap with air pillow protection
- molded side elbow protection
- high density laminated chest protection
- wide arm floaters for increased coverage
- available in SM, MED, LG, XL.

**CUSTOM COLOURS
AVAILABLE**

THIEF

Made in / Fabriqué au
Canada

★ NO PLASTIC COMPONENTS ★

The Thief body armor features an all new lightweight construction designed to produce the lightest, most protective unit, with no break-in time. It is constructed to provide the maximum coverage within the new pro size regulations.

- new multi-density foam construction reduces weight and eliminates break-in time
- reinforced spinal protection with easily adjustable X backing
- anatomically designed to maximize comfort and mobility
- wide high density shoulder floaters for maximum coverage
- fully adjustable arm, wrist and shoulder straps for a custom fit
- high density sternum plate disperses center chest impacts
- high density laminated chest protection
- molded plastic elbow protection
- dual shoulder cap
- wide, high density arm floaters maximize coverage
- available in SM, MED, LG, XL

**CUSTOM COLOURS
AVAILABLE**

BODY ARMOR

The Beast body armor features the frontal velcro Claw Release found exclusively on the Beast. It has been designed to offer full range of motion while maintaining the highest level of protection.

- thicker, contoured shoulder floaters increase blocking surface and allow for greater range of motion with less mask conflict
- reinforced frontal sternum protection
- adjustable arm, wrist and shoulder straps provide a custom fit
- side lat protection with quick release velcro closure
- adjustable/removable sternum pillow absorbs shock and allows for custom fit
- high density laminated chest protection
- middle arm bar allows for full range of motion
- molded foam and elbow protection
- available in XS, SM, MED, LG, XL

Made in / Fabriqué au
Canada

The redesigned Int. Dx2 Pro body armor is designed to offer the flexibility needed by the young adult goaltender while maintaining a high level of protection. The unit is a scaled down version of our senior pro model.

- integrated, fully adjustable BNQ approved throat collar
- anatomically designed for full range of motion
- high density shoulder floaters
- adjustable arm, wrist and shoulder straps for a custom fit
- high density sternum plate disperses center chest impacts
- molded side elbow protection
- dual shoulder cap with air pillow shoulder protection
- wide arm floaters for increased coverage
- available in MED, LG, XL
- custom colours available

Made in / Fabriqué au
Canada

BODY ARMOR

Jr. **BEAST**

Made in / Fabriqué au
Canada

The Jr. Beast body armor is a scaled down junior version of our senior model. It offers the highest level of protection in a junior unit, with improved comfort and range of motion.

- contoured shoulder floaters allow for greater range of motion and reduced mask conflict
- reinforced frontal sternum protection
- frontal Claw Release velcro closure
- adjustable wrist, arm and shoulder floaters
- adjustable inner sternum pillow to absorb shock of center chest impacts
- high density laminated chest protection
- middle arm bar for full range of motion
- molded foam and plastic elbow protection
- custom colours available
- available in SM, MED, LG

Jr. **Dx4**

The Dx4 body armor is a junior version of our Int Dx2 with many similar features. It is designed to provide the ease of motion and comfort needed by younger goaltenders.

- adjustable wrist, arm and shoulder straps
- molded foam and plastic elbow protection
- large shoulder floaters for increased coverage
- reinforced sternum protection
- lightweight design
- available in SM, MED, LG

GOAL PANTS

★ NO PLASTIC COMPONENTS ★

The newly designed Dx2 Pro goal pant is an ultra lightweight pro level pant geared to provide maximum net coverage with unparalleled comfort. Heavy weight plastic components have been replaced by lightweight high density foams.

- pro spec
- accordion-like frontal panels provide greater flex and range of motion
- lightweight sportmesh interior
- adjustable internal belt system offers improved comfort and increased coverage
- ultralight high density foam thigh pads reduce weight while maintaining the highest level of protection
- custom colours available
- available in XS, SM, MED, LG, XL, XXL

Made in / Fabriqué au
Canada

★ NO PLASTIC COMPONENTS ★

The Thief pant is designed to provide the maximum net coverage allowed within the new pro size regulations. Multi-panel design and ultra lightweight foams provide superior flexibility and range of motion.

- contoured frontal and side molded thigh pads
- pro spec
- accordion like frontal panels for improved flexibility
- dual belt and drawstring closure
- available in XS, SM, MED, LG, XL, XXL
- maximum leg width allowed under new pro sizing
- lightweight sportmesh interior
- custom colours available

Made in / Fabriqué au
Canada

GOAL PANTS

BEAST

The Beast goal pant is designed to provide the maximum amount of blocking surface allowed while maintaining the flexibility needed for easy movement. The ultra light design and contoured waist promote better pant and body armor interaction.

- pro spec
- molded high density frontal panels provide superior protection while maintaining flexibility
- dual belt system for a custom fit
- flat frontal thigh boards improve five hole closure and maximize net coverage
- soft, lightweight sportmesh interior for added comfort and quick drying
- available in XS, SM, MED, LG, XL, XXL
- custom colours available

Made in / Fabriqué au
Canada

Px3

- adjustable five hole wedges
- sportmesh interior
- full hip and thigh protection
- tail and spinal protection
- reinforced synthetic leather lace tightener
- available in XS, SM, MED, LG, XL, XXL

Jr. Px4

- adjustable five hole wedges
- sportmesh interior
- full hip and thigh protection
- tail and spinal protection
- reinforced synthetic leather lace tightener
- available in SM, LG

GOAL CUPS

Dx2 PRO

- dual cup design provides superior protection
- molded high density foam waist and pelvic protection
- adjustable leg straps
- adjustable waistband with velcro closure
- sizes 26"-34" and 36"-44"
- custom colours available

THIEF

- dual cup design provides superior protection
- high density foam waist protection
- adjustable leg straps
- adjustable waistband with velcro closure
- sizes 26"-34" and 36"-44"
- custom colours available

BEAST

- high density foam waist
- adjustable elastic waistband
- adjustable leg straps
- sizes 26"-34" and 36"-44"
- also available in junior

PRO GOALER

- removable banana cup
- adjustable elastic waistband
- adjustable leg straps
- sizes 26"-34" and 36"-44"
- also available in junior

BLACK

STITCHES

JILLER

- designed for women
- adjustable elastic waistband
- adjustable leg straps
- full pelvic protection

ALITE JILLER

- designed for women
- adjustable elastic waistband
- molded high density pelvic protection
- adjustable leg strap

GOAL BAG/JERSEYS

The Brian's wheeled goal bag features a huge main compartment easily fits a full set of senior equipment. The new 3 wheel design eliminates any sagging and retractable handle allows for easy rolling.

- retractable pull handle for easy rolling
- reinforced bottom with both horizontal and vertical stiffeners
- D-shaped top panel for complete opening
- velcro stick straps
- grab handles at both ends for easy lifting
- large internal skate pockets with velcro closure
- zippered mesh pocket for storage
- ventilation holes
- measures 40" x 20" x 20"
- available in black only

PRACTICE JERSEY

- exclusive goalie cut
- pro mesh
- dazzle polyester striping
- sizes- Lg, XL, XXL and youth
- available in black, blue, red, white

PADDED PRACTICE

- exclusive goalie cut with padded shoulders
- pro mesh
- high density polyethylene foam for increased protection
- size XXL
- available in black only

GOAL STICKS

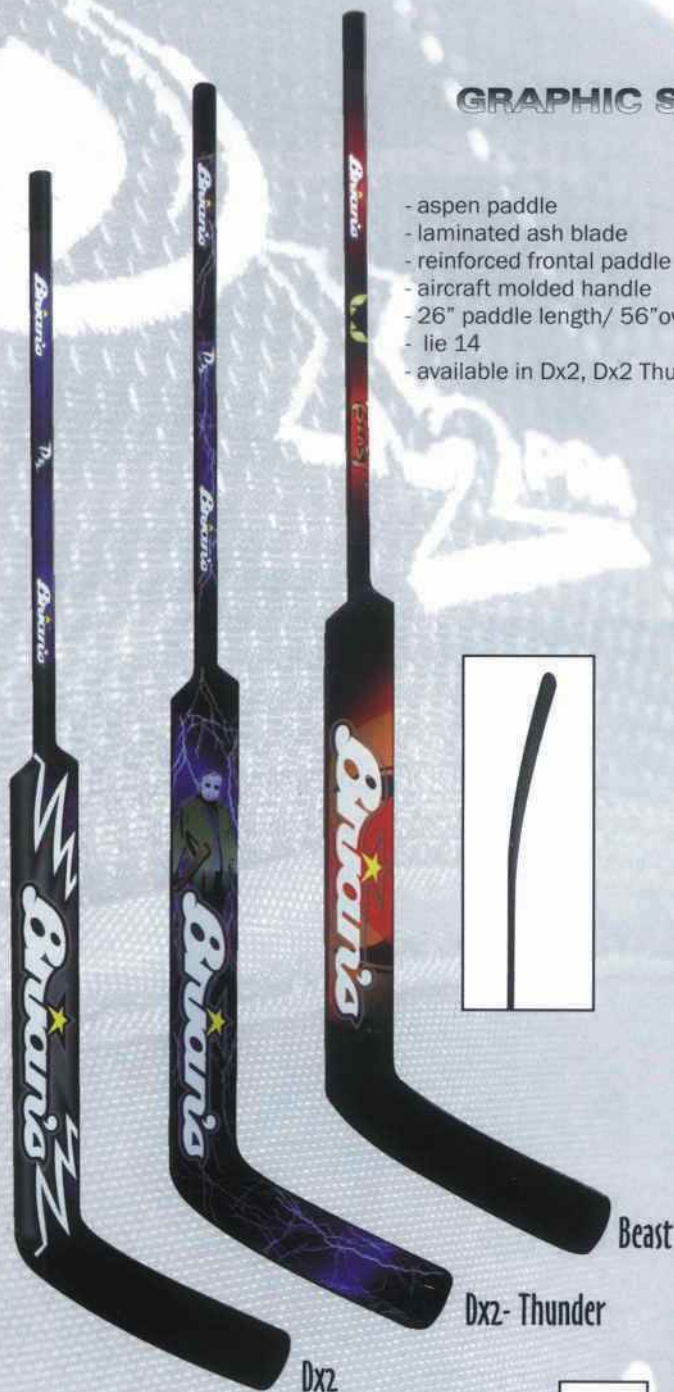

COMPOSITE

- graphite and carbon fibre construction
- internal ribbed construction adds strength and prevents compression during impact
- variable density foam core that is most dense at blade and gets progressively less dense as it moves up the blade and paddle to increase the energy absorbed and lessen the vibration
- 26" paddle length

GRAPHIC STICKS

- aspen paddle
- laminated ash blade
- reinforced frontal paddle
- aircraft molded handle
- 26" paddle length/ 56" overall length
- lie 14
- available in Dx2, Dx2 Thunder and Beast

CURTIS CURVE

- unique fibreglass sock wrap
- 26.5" paddle length
- available in natural only

ACCESSORIES

THROAT COLLAR

- molded clavicle protection
- soft sportmesh backing for added comfort
- adjustable neck strap
- BNQ certified
- available in S, M, L

B-TEE

- breastbone protection
- removable padding
- adjustable neck strap
- available in sizes M, L, XL and youth
- black only

PRO LACED

- molded high density foam
- upper knee cap protectors
- soft sportmesh backing
- adjustable elastic strap
- high density inner wedge
- pro legal
- available in senior and junior
- available in black, white, blue, navy, red

THIGH GUARDS

- molded high density foam
- soft sportmesh backing
- adjustable elastic strap
- pro legal
- available in senior and junior

Pro

THIGH BOARDS

- rigid, high density foam
- adjustable elastic strap
- full five hole coverage
- available in senior and junior

ACCESSORIES

A full line of replacement parts are available.

- straps
- buckles
- knee stacks
- wedge wings and shin pillows
- plus much more

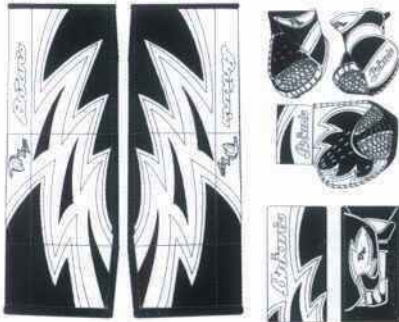

CUSTOM GRAPHICS

Brian's Custom Sports is proud to produce the finest, most detailed custom graphics in the industry. Any graphic a goaltender is looking for can be duplicated on a set of pads with the utmost care and precision. Being a true custom company, Brian's takes great pride in being able to provide it's customers with the personalized gear they are looking for.
